**M**ATT Lauer's train-wreck marriage has crashed and burned. The "Today" host has admitted he and long-suffering wife Annette Roque lead separate lives!

"It's a secret separation," a family source claimed to The National ENQUIRER.

"It's the only reason they're still married!"

In a recent magazine interview, Matt described life on the couple's 40-acre horse farm in the Hamptons as a "dream come true."

But then Matt, 57, let slip that while Annette, 49, and the couple's three children have lived there for four years, he stays in Manhattan – and only

visits on weekends!

"Annette has her horses and the kids out in the Hamptons, while Matt has his own life in the city," the family source noted.

"It's not perfect, but it's an arrangement that suits them."

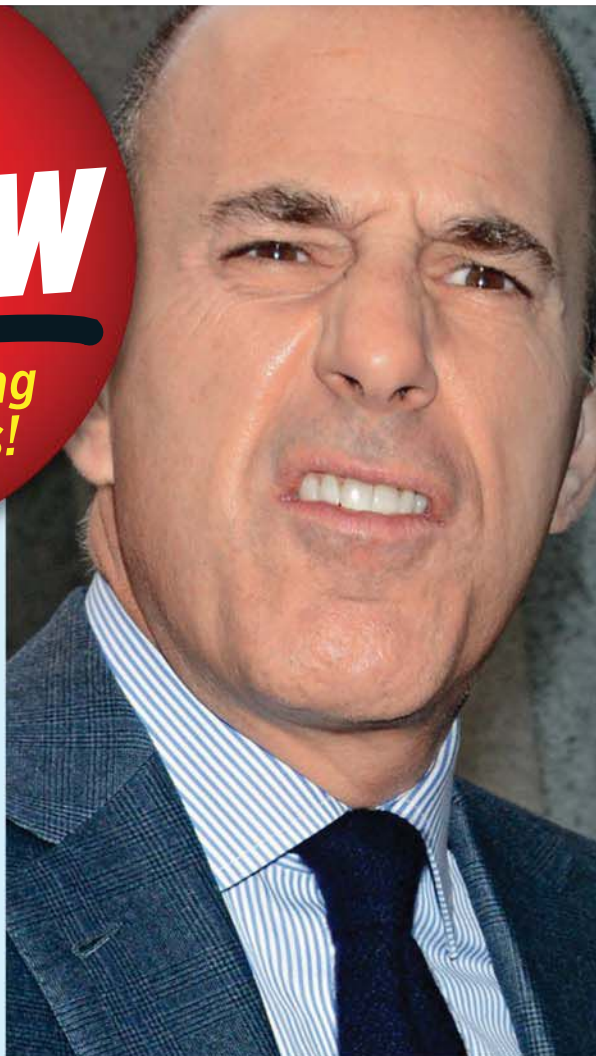

As The ENQUIRER reported in March, Annette's family has serious concerns about her.

A family friend, Nils Fonteijn,

told The ENQUIRER Matt's in-laws remain "deeply upset at the continuing strife in Annette's marriage, and her mother is frantic with worry."

## ***'Bachelorette' bad girl Andi in bitter love triangle split!***

**A**NDI Dorfman broke up not one – but two – budding families when she split with fiancé Josh Murray, The National ENQUIRER has exclusively learned.

Just two weeks after the "Bachelorette" beauty and Josh called it quits in January, Josh's brother, NFL player Aaron Murray, and his fiancée, gorgeous TV traffic reporter Kacie McDonnell, severed ties.

But according to recent reports,

Andi and her then future brother-in-law, Aaron, had already cheated on their partners with each other!

The ENQUIRER spoke to Kacie's Philadelphia-based grandmother and quizzed her about the too-close-for-comfort twin splits!

"He [Aaron] knows what he did and he has to live with it," she charged. "Only time will tell, and when it happened, we came together as a family."

"Kacie has put this behind her. She

## DIVORCE DOCUMENTS

Since her divorce from Prince William in 2001 through the present, defendant subjected plaintiff to continual mental abuse by exhibiting extreme anger and hostility towards plaintiff on an ongoing and continual basis and ignoring and undermining plaintiff on a continual basis, causing plaintiff to feel unloved by defendant and that defendant had no interest in the parties' marriage.

"walked out" on Annette last summer before "begging" her to reunite for the sake of their kids – Jack, 14, Romy, 11, and Thijs, 8.

A "bitter fight" sparked their latest split after The ENQUIRER published photos of the notorious womanizer relaxing on a boat with a mystery blonde in the Hamptons in July 2014.

"This caused a tremendous new strain in their marriage," said a source. "Annette felt abandoned again."

Matt "patched things up" by the early fall, and the couple celebrated a "loveless" 16th wedding anniversary on Oct. 3, disclosed the source.

As The ENQUIRER has reported, Matt's pristine image as a doting dad and husband could be nothing more than an illusion.

In 2006, Annette filed sensational divorce papers that revealed their marriage crumbled less than three years

after their 1998 wedding.

In the papers, she testified to "cruel and inhuman" conduct – and claimed Matt threatened her "physical and mental well-being."

Annette also claimed Matt destroyed their "intimate relations," and she endured "continual mental abuse" from her husband – who exhibited "extreme anger and hostility towards" her.

Annette withdrew the divorce suit only a month later.

The source added: "Why pursue an expensive, messy \$120 million divorce when they can each have what they want for free?"

Talented brunette Kacie is now dating Kansas City Royals slugger Eric Hosmer.

But Andi's bad-girl behavior

should come as no surprise to viewers of Season 10 of "The Bachelorette," when hunky Nick Viall revealed that Andi, 28, cheated on Josh with him!

After Andi's engagement to Josh, she reportedly grew "super close" with his brother

Bombshell Kacie with her then-boyfriend, quarterback Aaron

Aaron, the backup quarterback for the Kansas City Chiefs, and was "obsessed with his career."

The sibling treachery would not have been the first time the he-man Murray brothers double-dipped with the same woman.

Season 10 also revealed they both dated a woman named Brittany McCord, and Josh apparently stayed in touch with her after proposing to Andi!

He even skipped Kim's wedding to Kanye West in Italy in May 2014 after reportedly feeling too embarrassed to pose for photos with the bridal party because of his weight. Since the wedding, Rob's become a virtual recluse, rarely leaving his home in a gated community in Calabasas, Calif.

"Rob's been living like a slob, blaming everyone else for his problems and gorging on food and drink to self-medicate," divulged another source.

## Depraved Scott caught using cocaine with teenage girls

**S**COTT Disick wrapped up his holiday weekend meltdown by partying with teenage girls during a coke-and-booze-filled bender at a palatial Florida mansion.

In a world exclusive, The National ENQUIRER can reveal shocking glimpses inside the orgy-like revelry that proved to be the cradle-robbing cad's undoing!

These amazing images were captured from a video taken on a cellphone by one of four teenage girls, according to sources.

The young women - ranging in age from 16 to 18 - cozied up to 32-year-old Scott at the tony home in a gated community in Boca Raton, the Woodfield Hunt Club. In the video, one teen can be seen swiveling her hips on a kitchen counter with

Meanwhile, Scott's partner, reality television cutie Kourtney Kardashian, remained at home with their three children. She is now a single mother after officially calling off their de facto relationship.

From the French Riviera, Scott's spree eventually moved to Miami Beach, where the "Keeping Up with the Kardashians" bad boy reportedly hooked up with the teens at a local nightclub.

His Saturday night bender continued into the wee hours of Sunday morning at the home of one of the girl's parents, who sources told The

ENQUIRER were not around.

The source added that while it's not known whether Scott was intimate with any of the girls, it certainly was a possibility given the amounts of cocaine and booze available that night.

The party later moved to Scott's suite at the ultra-luxe Boca Beach Club Resort, according to another source.

Days later, Scott skipped his daughter Penelope's birthday party at Disneyland.

Another source said: "Scott's been running around saying he's single. Kourtney dumped him after she saw the pics [in Monaco], and he hasn't been home after a month-long party binge." **NE**

# 99 VIO IN 43 Y PRISON EVIL C

**B**ILL Cosby's rape and drug scandal has exploded with shocking new revelations that could send America's once-quintessential TV dad to jail, The National ENQUIRER has exclusively learned.

Law enforcement sources have told The ENQUIRER that Cosby's female accusers now number a staggering 99, and "at least four secret police probes" are targeting the disgraced 78-year-old. Not only could those put him behind bars for years, but the U.S. government is also weighing charges against him!

The father of five - who played beloved Dr. Cliff Huxtable on "The Cosby

Show" - saw his fate sealed after bombshell admissions from a 2005 deposition were made public July 6.

In the unsealed testimony, Cosby admitted to drugging young women before having sex with them, and confessed to buying Quaaludes as part

## IF YOU ARE INNOCENT BILL, ACCEPT OUR LIE DETECTOR CHALLENGE!

**T**HE National ENQUIRER challenges Bill Cosby to tell the truth, once and for all. Here are 10 questions he must answer if he is to vindicate himself:

**1. "The Cosby Show" actress Lachele Covington told The ENQUIRER you sexually attacked her in your New York City townhouse in 2000. Did you assault her?**

**2. Supermodel Beverly Johnson said she was attacked there, too. Did you drug her?**

**3. Carla Ferrigno, wife of "The Incredible Hulk" star Lou Ferrigno, said your wife, Camille, has "known all these years" about what you've done to other women. Carla thinks it's "disgusting" that Camille has stayed with you. Does Camille know?**

**4. Barbara Bowman's claims triggered a flood of other women to come forward. Do you deny sexually assaulting her in Denver in 1986?**

**5. Shawn Upshaw, the mother of your "love child" Autumn Jackson, told The ENQUIRER in 2005 that you drugged her one night at your Beverly Hills mansion and had sex with her. Is she lying?**

**6. Renita Chaney Hill said she was only 15 years old when you gave her drug-laced alcohol and touched her. Are you calling her a liar?**

**7. Your lawyer Martin Singer said Janice Dickinson's story is a "fabricated lie." Did you drug and rape her in Lake Tahoe, Nevada, in 1982?**

**8. Singer also dismissed the claims of Louisa Moritz. Are you saying you did not force oral sex on her before an appearance on "The Tonight Show Starring Johnny Carson" in 1971?**

**9. The late "Cosby Show" employee Frank Scotti said you made him deliver monthly payments to at least eight women in 1989 and 1990. Was Scotti a liar?**

**10. More than 40 different women have already come forward accusing you of sexually attacking them and, in many cases, drugging them. Are they all liars, Bill?**

SPECIAL  
REPORT

# AMERICA'S FAVORITE TV DAD TO AMERICA'S WORST SERIAL RAPIST

The ENQUIRER, referring to the unsealed deposition.

"If I were him right now, I would be looking for a good criminal defense attorney!"

**SINCE NOVEMBER**, at least 40 women have accused Cosby of attacking, and in many cases, drugging, them, including "America's Next Top Model" judge Janice Dickinson.

The alleged assaults span 43 years, from 1965 – just a year after Cosby married wife Camille – to 2008. Cosby's lawyers have repeatedly denied the allegations.

While the statute of limitations for prosecution has expired in most of the cases, The ENQUIRER has learned the Los Angeles Police Department is conducting a

criminal probe into an allegation that Cosby assaulted Judy Huth, who said she was sexually molested at the Playboy Mansion in 1974, when she was just 15 years old.

According to a well-placed source, "Judy has already been interviewed by the

LAPD, and investigators have sought evidence at the mansion. They were also looking to question its ringmaster, Hugh Hefner."

Leggy blonde Chloe Goins also recently claimed she was just 18 when Cosby slipped a sedative into her drink and

then abused her at the notorious mansion in 2008. Her attorney, Spencer Kuvin, said police "want to talk to a number of people, and it's my understanding that they would like to speak to Chloe."

In a New York City case first reported by The ENQUIRER

Q. When you got the Quaaludes, was it in your mind that you were going to use these Quaaludes for young women that you wanted to have sex with?

A. Yes.

A. I meet Ms (Redacted) in Las Vegas. She meets me back stage. I give her Quaaludes. We then have sex. I do not -- I can't judge at this time what she knows about herself for 19 years, a passive personality.

## ATTACK VICTIM RENDERED HELPLESS BY 2 LITTLE PILLS

"HERE, take these."

That's what Therese Serignese remembers Cosby saying before he sexually assaulted her in 1976.

In the newly unsealed court deposition from a 2005 case that has shaken up his rape scandal, Cosby shockingly confirmed giving the then 19-year-old woman drugs.

"I meet Ms. [name redacted] in Las Vegas. She meets me backstage," Cosby testified. "I give her Quaaludes. We then have sex ... [She] was sweet in her personality. As far as I was concerned,

[she] was well-mannered, didn't demand or give a feeling that she was above anyone. If anything, she may very well have been very happy to be around the show business surroundings."

While Cosby claimed the woman knew what she was taking and that the sex was consensual, in an interview obtained by The ENQUIRER, Therese, now 58, said she was the helpless victim of his attack after he urged her to consume two pills at the Las Vegas Hilton.

"I went to Catholic school and I learned to be obedient," she said. "So, I

Therese says she was 19 when Cosby assaulted her at the Las Vegas Hilton

in 2000, Lachele Covington, then a 20-year-old actress, told cops that Cosby fondled her breasts, and tried to put his hands down her pants while they ate dinner in his Manhattan townhouse.

"If push comes to shove, my daughter will stand in a court of law and tell her story. She's not scared," her father, Joe, told *THE ENQUIRER*. "He picked on the wrong girl!"

**THE ENQUIRER** learned police are taking a serious look at a complaint filed in May by actress Lili Bernard, who said she was drugged and raped in the early '90s by Cosby in Atlantic City, N.J.

Cosby, who is worth a whopping \$410 million, could also become a wanted man in Chicago.

"There are many who haven't come forward," said accuser Patti Masten, 64, who encountered Cosby in 1979 while working as a manager of the Chicago Playboy Club.

"We're up to 48 women who have come forward," she said. "There are probably another 50 that are Jane Does. My Facebook is lighting up."

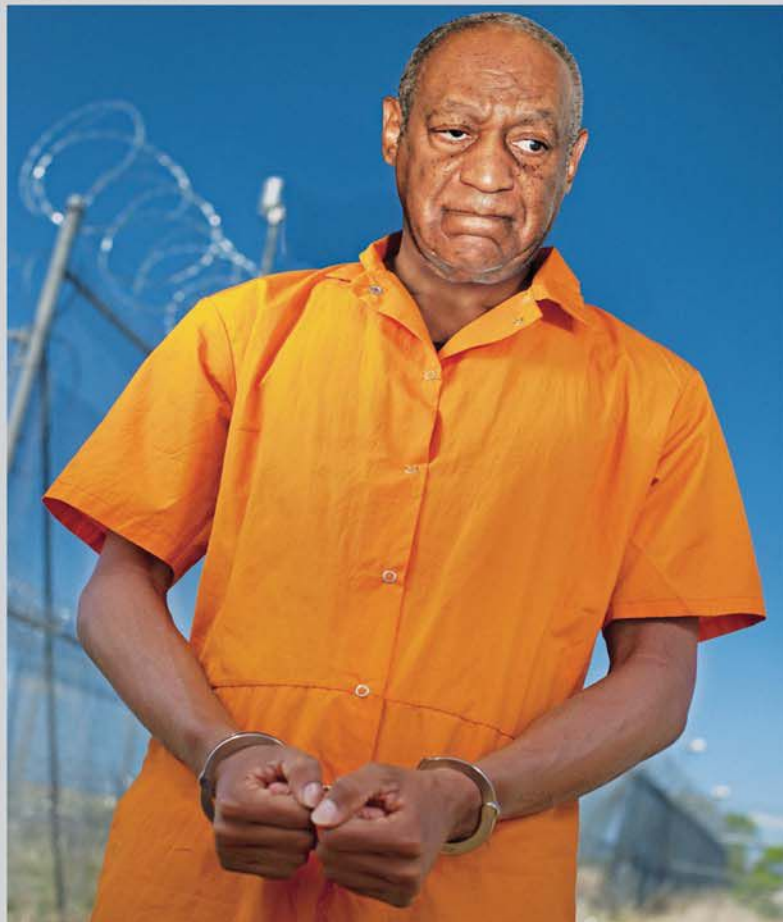

A source added: "This could bring the number of victims to an astonishing 99, making Cosby without a doubt America's most vile rapist!"

**THE ENQUIRER** also learned the shamed comic could be prosecuted by the feds for violating the 1996 Drug-Induced Rape Prevention and Punishment Act - and if convicted, it could put him in prison for up to 20 years.

Cosby's nightmare of possible prosecutions could come full circle to the case of Andrea Constand, the Temple University employee who filed the 2005 lawsuit in a Philadelphia Federal Court that was just unsealed. While that civil case was settled, new perjury charges could also be filed, according to former Montgomery County district attorney Bruce Castor.

Said a source: "Bill Cosby's next gig could be on a prison stage!"

Jen refused to take off her wedding ring even after her divorce went public

**F**UELED on lust, a randy Ben Affleck cranked up into a non-stop sex machine and splashed out \$3,500 for an all-night session with a hot blonde hooker!

That's the shocking claim of notorious madam to the stars, Jody "Babydoll" Gibson, who has peeled back the facade of Ben's image as a doting dad of three.

"Ben came to me as a client post-Gwyneth Paltrow and pre-Jennifer Lopez. That would be late 1990s or early 2000," Jody - who headed one of Tinseltown's largest escort agencies - told The National ENQUIRER in a blockbuster interview.

Ben - who has announced his impending divorce from wife of 10 years Jennifer Garner - contacted her via an 800 number on her website, said Jody.

"This was after the Oscars in 1998, when Ben and Matt Damon picked up an Academy Award for 'Good Will Hunting,' and Ben had gotten quite famous," she added.

"He told me who he was interested in. The girl had to be tall - at least 5-foot-7 or 5-foot-8 - and busty.

"The girl he finally chose was Russian. That told me he didn't want to communicate with her much.

"It was all about the sex!"

In her book "Secrets of a Hollywood Super Madam," Jody described Ben's choice of "Alyssa" as "5-foot-8, a 38D, long blonde hair, great figure, well dressed, gorgeous, and oodles of fun!"

So particular was Ben, he told Jody what Alyssa should wear to

his room at the Beverly Hills Hotel. She recalled: "Just have her dressed in a hot two-piece suit ... and maybe with some sexy lingerie, too.

"Oh, and make sure she wears a short skirt. I like long legs in high heels!"

Jody told The ENQUIRER: "We settled on a fee of \$3,500 for the night.

"Usually, it would cost as much as \$10,000 for a night. But this was Ben Affleck."

Jody provided The ENQUIRER with "proof" of the transaction in the form of her notes from the night in question with Alyssa.

The high-priced call girl met the "Gone Girl" star at his hotel bungalow, and Jody didn't hear from her until 3 p.m. the next day - when Alyssa called to say she was "exhausted" after a wild sex marathon with Ben!

"Alyssa said Ben was insatiable and went all night!" Jody told The ENQUIRER.

"She said that he had a great body, a big d--k and he was great in bed. He loved to get oral sex - and gave it, as well!

"She also said Ben was very generous, and tipped her, like, \$500."

For his part, Ben - via a rep - described as "absurd" the notion that he would have to pay an attractive woman for sex.

But Jody - who served 22 months in prison after being convicted of operating a prostitution ring in 2000 - charged to The ENQUIRER: "Alyssa was absolutely crazy for Ben. She said he's one of the best gigs she ever had!"

Baker's Bay Golf & Ocean Club in the Bahamas, where they own property.

The couple reportedly flew to the owners-only club to protect their children - Violet, 9, Seraphina, 6, and Samuel, 3.

But sources said it was Jen who pressed Ben to accompany the family.

The star of the upcoming action flick, "Batman v Superman:

Dawn of Justice," flew out of the Bahamas by himself on July 3, while Jen left two days later with the children.

The former "Alias" star did manage to convince Ben to head to Atlanta - where she's filming "Miracles from Heaven" - to help look after the kids, said the source.

"Ben stays in the guest house of Jen's rented home in Geor-

gia, and he'll be shuttling back and forth from L.A.," added the insider.

Despite Jen's pleas to get Ben to call off the divorce, her entreaties have fallen on deaf ears.

"Ben is done," the source told The ENQUIRER.

## YES POP AS MILA KUNIS CE-TESTS BRIDAL BED!

**G**UYS went google-eyed and *grrrls* giggled as sexpot **MILA KUNIS** – presumably testing for a potential **ASHTON KUTCHER** bridal bed mere days before their wedding – popped into a furniture store on L.A.'s trendy Melrose Avenue with a sexy galpal and started making like "Goldilocks" minus the bears – bouncing up and down (and flashing *what-EVAH!*) on every last mattress, grinned My Gobsmaeked Guy Spy, until suddenly ... *GRROOOOWL!* ... a real *live* grumpy bear broke up all the fun! Said the source: "This one fuddy-duddy jerk of a clerk suddenly came bustling up – and busted up the whole hubba-hubba peep show by ordering Mila and her shapely pal to knock it off because they were 'disturbing the displays!' Guys were grumbling, 'Seriously?! ... How about *you're* disturbing *our* display!' Mila and her friend just laughed their butts off and strolled out, giggling at all the disgruntled guys!"

## 'Today' host Willie SHRINKS after 'itsy-T\*\*SY' Seyfried goof!

**GOTTA GET THIS OFF MY CHEST!** Total on-air **BUST** for "Today" host **WILLIE GEIST**, who's enduring merciless backstage teasing for his jaw-dropping, dumbass intro of gorgeous guest **AMANDA SEYFRIED**, in studio to plug her new "Ted 2" flick, who **GASPED** as goofy Geist garbled: "You all know Amanda Seyfried from her role as the **TITSY** ... er, *ditsy*, excuse me ... teen in 'Mean Girls'! ... She was *DITSY* ... is what I *meant* to say ... !" Shamed, shrinking Willie

turned beet-red as co-hosts **NATALIE MORALES** and **TAMRON HALL** – even Amanda *herself* – roared with helpless laughter! "Willie's still quite shaken by the endless fallout from his jaw-dropping goof – he didn't expect to be ribbed for days and days," said a show insider. "Crew members keep jibing him relentlessly about what they're calling his 'TITILLATING tongue twister,' jeering stuff like, 'Hey Willie – keeping abreast of any *really BIG* stories?'"

## Charlize Theron *therrorized!*

**AS THEY SAY IN L.A.:** "RAW FISH CALMS RAW NERVES!" Barely over her crashed engagement to **SEAN PENN**, **CHARLIZE THERON** got totally creeped by a pushy punk as she and a galpal swooned over sushi at LA's trendy Katsuya! Said My Fishy Spy: "A good-looking model-type guy at the next table began eyeing her, trying to chit-chat, and at first Charlize was flattered – but after a while, the obnoxious slimeball wouldn't leave her alone, panting stuff like, 'I KNOW you're available now... so let me give you my number!' Wanting to gut the guy like a tuna, Charlize flatly protested he was making her uncomfortable, saying, 'You're *embarrassing* me!'" But even after she desperately switched to a new table, the relentless heavy-breather stalked over to yammer *encore* – so Charlize and pal leapt up and split, deserting their half-eaten meal! ... And how was YOUR week?

■ 'Joey' wanted to **PUNCH MATTHEW PERR**

**I**N ONE of Hollywood's best kept secrets, Jennifer Aniston cheated on husband Brad Pitt with her "Friends" co-star Matt LeBlanc, Matt's father has claimed to The National ENQUIRER in an explosive world exclusive interview.

According to Paul LeBlanc, his son - who played lovable rogue Joey Tribbiani on the classic sitcom - boasted that he and Jennifer enjoyed passionate make-out sessions in their dressing rooms!

Speaking to The ENQUIRER at his Florida home, 73-year-old Paul also claimed his son

- who has an estimated \$65 million net worth - blew a small fortune on booze and women!

**WHAT'S MORE,** Paul claimed his son blasted his "Friends" co-star Matthew Perry - famous for his role as Joey's roommate and best friend Chandler Bing - as an "a--hole," and often wanted to punch him!

"I'm obviously proud of what my son has achieved, but he's not the 'Joey' everybody loves," Paul claimed to The ENQUIRER.

"Matthew is a control freak,

and the more money he has the more f---ing ruthless he is."

As for his son's 10-year run on "Friends," Paul said: "He had fun, that's for sure. It was the making of him and the entire crew."

That crew included Matt, Matthew, David Schwimmer, Courteney Cox, Lisa Kudrow and Jennifer, who wed big-screen hunk Brad in 2000.

Jennifer and Brad were Hollywood's hottest A-list couple before divorcing in 2005 after Brad famously fell for now-wife Angelina Jolie on the set of "Mr. & Mrs. Smith."

But, according to Paul, his son and Jennifer were more than "Friends" while filming the classic sitcom.

"Matthew got on very good with Jennifer Aniston," Paul told The ENQUIRER.

"They would make out in the dressing rooms. He told me about it. It was when she was married to Brad Pitt!"

While his son was this-close to Jennifer, "he always said David Schwimmer was kind of dry, a bit too serious, and he always liked Lisa Kudrow," Paul revealed to The ENQUIRER.

## Shattered Fonda

**A**FTER Jane Fonda's stunning disclosure that she's sought mental treatment, friends fear she's suffered a nervous breakdown, The National ENQUIRER can reveal.

The 77-year-old superstar revealed on her website that she went into counseling to cope with problems she faced while filming her Netflix series, "Grace and Frankie."

"Jane's faced daunting challenges since accepting her role in the show," a source told The ENQUIRER.

"The most serious is the declining health of her beau, music producer Richard Perry.

"He told her on their first date that he was battling Parkinson's disease, but

**R**USSELL Crowe is pigging out in despair over a career and love life caught in a downward spiral – as seen in shocking exclusive photos obtained by The National ENQUIRER!

The 51-year-old star is far from his trim "Gladiator" days, and friends worry the situation is getting worse!

"Russell is not in a good place," a close pal told The ENQUIRER. "He's depressed, lonely, and eating and smoking too much!"

Our insider said Russell has been on shaky ground

since splitting from his wife, Danielle Spencer, in 2012.

Since then, the pudgy former A-lister has struck out with old flame Meg Ryan and his "L.A. Confidential" co-star Kim Basinger.

Russell also can't get over how Nicole Kidman – with whom he had a rumored romance – has settled into a happy marriage with Keith Urban, sources previously told The ENQUIRER.

Then came the disaster of "The Water Diviner," Russell's directorial debut, which flopped virtually everywhere outside his native Australia. The movie

cost \$22.5 million, but was trashed by the critics and grossed a paltry \$19.1 million at the box office!

"He had such hopes for this film. It was his first shot behind the camera, and the thing just tanked," said our source. As a desperate Russell told an interviewer in April, when the movie was released in the U.S.: "It's three years of my life, and that's what's on the line."

Now all those failures are crashing down on Russell, and piling up around his waistline!

His pal said: "He's just got to rediscover that spark!"

# 'CHEERS' STAR REES AT DEATH'S DOOR

**Roger fading fast, says pal**

**A** GAUNT and haggard "Cheers" actor is fighting for his life in New York-Presbyterian Hospital, The National ENQUIRER has exclusively learned.

Roger Rees, who spent four seasons as snarky corporate boss Robin Colcord on the hit show, is struggling to stay alive as his longtime husband, "Jersey Boys" playwright Rick Elice, keeps a nearly 24-hour vigil at his bedside.

"Rick seemed distraught, and was constantly asking the medical staff for updates on Roger's condition," said a hospital insider.

The emaciated sitcom star

looked little like the dashing character he played on "Cheers," as Roger was virtually carried down a hallway with Rick on one arm and a friend on the other.

"He looked to be near death," said a source at the hospital, who added that a weeping Brooke Shields was among the steady stream of distressed visitors making daily pilgrimages to 71-year-old Roger's room.

"He was never without well-wishers and friends," the source told The ENQUIRER.

Roger's rapidly declining health forced him to leave the

Tony Award nominations.

At the time he was forced to leave the cast, producer Tom Kirdahy announced: "Roger is undergoing a treatment for a medical condition - and while the prognosis is bright, he's unable to perform."

Despite all the critical accolades "The Visit" received, the respected star's absence had a catastrophic impact on the production, which ultimately closed on June 14.

"Everybody missed Roger," said a cast member who asked not to be identified.

"We knew he was critical to the play, but all of us were more concerned about his health.

"But I think everyone knew he'd never come back!"

- ALEX HAMMER

## a battling mystery 'mental issues'

Jane took comfort in reports about how Michael J. Fox and other well-known people were 'living' with the illness.

"Still, his declining health has left her shattered and heartbroken."

Two-time Oscar winner Jane also admitted working on the series - which co-stars Lily Tomlin and Martin Sheen - has been such a "steep learning curve" that she hired an acting coach.

Adding to her woes, Richard's symptoms increased to the point where Jane said she felt obliged to reveal his diagnosis.

"I felt it was better that people know why he sometimes sways or staggers or stutters rather than them thinking he was

drunk (which has happened) or just out of it," she wrote on her site, janefonda.com.

The star has also struggled with dark thoughts about her mother, who slit her throat when Jane was 12, according to her friend and biographer Patricia Bosworth.

"She once admitted that the memory of her mother's suicide might never go away," Patricia disclosed. "She added, 'I'm not pretending I'm not damaged ... If I wasn't acting, I'd probably be institutionalized.'"

Jane also confessed she's haunted by her own mortality. She said: "I have become so wonderfully, terribly aware of time, of how little of it I have left." **NE**

**R**ALPH and LaVerne Wozniak have been dancing through a whirlwind romance for more than 70 years.

But it took until this year for the couple to finally attend their prom together!

The longtime lovebirds met at a USO dance in 1944 when young Marine Ralph swept LaVerne off her feet.

"My girlfriend introduced him to me and we danced and we just kept going," recalled LaVerne, 87.

While they stayed in step, World War II got in the way of their dream of dancing at the prom when Ralph was sent to war.

When Ralph returned home after serving his country overseas, the starry-eyed couple took the dance floor once again – on their 1949 wedding day in Milwaukee, Wis.

Ralph continued his education, earning a GED, and the young couple set their sights on finally going to the prom.

# KING RALPH!

War hero finally gets to take his sweetheart to the prom ... **70 years after they met**

It's better late than never for promgoers Ralph and LaVerne; the duo in a Facebook photo, inset

But then the Korean War came calling for Ralph.

"It was right after we got married and it was really heartbreaking," remembered LaVerne.

Thankfully, Ralph came home safe and sound. But missing prom remained the couple's biggest regret ... for the next six decades.

Finally, years after sending all four of their children off to their own proms, 89-year-old Ralph finally got to take his sweetheart to a *really* senior prom last month.

"Better late than never!" he said.

The still-dynamic Florida duo got the chance to strut their stuff at the Hillsborough County Aging Services Prom.

"It just made us feel alive again," said LaVerne, who donned a gold gown that took her back in time. "It was just beautiful. It was strapless and it had a shawl." Ralph wore a gray jacket with a bow tie.

To make the moment absolutely perfect, guess who was elected prom king? Ralph!

He beamed: "Since 1944 when I joined the Marine Corps until today, I never thought I'd be a king, and here I am!" **NE**

# OMAR'S ANGUISH OVER SON HE IGNORED

Sharif wanted to see him *one last time*

**T**HE ravages of Alzheimer's robbed Omar Sharif of his chance to make amends with his illegitimate son!

A family friend revealed to The National ENQUIRER how the Egyptian actor – who died July 10 of a heart attack at age 83 – was cruelly cheated out of a reunion with his estranged offspring.

“For the longest time, Omar wanted nothing to do with Reuben,” the friend told The ENQUIRER.

“He eventually softened

his stance and wanted his son to become a part of his life.

“But by then, it was too late – as Alzheimer's had destroyed him!”

The ENQUIRER broke the story in 1982 that the “Doctor Zhivago” star had sired Reuben Sharif, now 45, out of wedlock with Italian journalist Paola de Luca.

Paola revealed at the time: “Omar has never given a penny to support his son.”

## Omar Sharif Shuns His Love Child

By PAUL HOGUE  
Famed screen star idol Omar Sharif admits he's the father of an 11-year-old boy who lives in a dismal Rome apartment that doesn't even have a bath – yet the star coldly ignores his child.

The mother, Italian journalist Paola de Luca, told The ENQUIRER.

“Omar has never given a penny to support his son – although he admits that Reuben Sharif de Luca is his. He doesn't even need Christmas or birthday cards.”

A source close to the actor's inner circle told The ENQUIRER that Omar Sharif has told her that Paola's child is his – but he simply refuses to do anything to help him.

The child was conceived during a night of love in the city of Rome.

“I was shocked at this time,” said the source. “I was sure that he would have at least some decency before and after the act. But he didn't.”

“I discovered I was expecting a child. I went to Paola in Rome. I spent five days in a hotel waiting for her to come back. She told me that the boy was his.”

## JEN'S STEAMY TRYSTS WITH MATT BEHIND BRAD'S BACK!

CONTINUED FROM PAGE 17

While a rep for Jennifer said the actress “has never been romantically or sexually involved with Matt LeBlanc,” and Matt's lawyers slammed the claims as false, Paul also ripped the lid off his son's private life, including his boozing and fondness for women.

**MATT, 47, WAS** married to model Melissa McKnight, now 50, from 2003 to 2006. They have a daughter, 11-year-old Marina.

They split after Matt admitted to groping a stripper at a Canadian nightclub. There were also rumors the actor was involved with his co-star, Andrea Anders, on the short-lived NBC sitcom “Joey.”

Paul claimed to The ENQUIRER:

“When he was accused of cheating, Melissa shut the sex off. It didn't last much longer after that. He pays \$15,000 child support every month.”

Matt now plays a fictionalized version of himself on the Showtime comedy series “Episodes,” but his father predicted that Matt's lifestyle will short-circuit his career.

“Matthew has always been wild and reckless,” Paul said.

“He was as good-looking as anyone in Hollywood, but he isn't going to age well. He'll be a fat, little guy because he pigs out.”

Three years ago, Paul was living in a six-bedroom home on his son's eight-acre ranch in Colorado. But after a bizarre spat over a \$15,000 motorbike, Matt evicted him, and they haven't spoken since.

“It was horrible,” Paul – who now lives in a \$45,000 condo in Clearwater – claimed to The ENQUIRER.

“I went to the house with a friend

and a locksmith was changing the locks and the county sheriff was there. I wasn't allowed back in, and I lost thousands of dollars worth of possessions.”

Despite their rift, Paul said he'd forgive his son. “I would welcome him back, but I could never forget what he's done to me,” he said.

“I lay in bed going over it all in my head every night.

“I've written him letters and sent him religious books. But I don't know if he's ever read them or just throws them in the trash.

“But I'm just going to get on with my life. I don't want anything from Matthew, and if I don't ever see or talk to him again, then fine.” **NE**

# AMERICA'S FAVORITE TV DAD TO AMERICA'S WORST SERIAL RAPIST

**WHERE HE  
SLEEPS**

**A**FTER countless women accused Bill Cosby of sick and serial sexual attacks, his wife Camille called him a “wonderful husband” – and even questioned who the REAL victim was.

But when evil Cosby’s drug and sex admissions were recently made public, his long-supportive wife collapsed, sources divulged, pushing their 51-year marriage to the brink.

In a bombshell exclusive,

The National ENQUIRER has learned that a furious Camille, 71, booted Bill, 78, from their marital bedroom under the shadow of a \$410 million divorce!

“Despite being publicly criticized by some of Bill’s victims, Camille stood by her man,” a source said.

“Then the 10-year-old legal deposition was unsealed, and his sworn statements erupted in the press like a 100-ton mega bomb!

“After that, Camille couldn’t

## WHY SPLIT COULD TURN WIFE CAMILLE INTO ‘WITNESS FROM HELL’

IF HE wants to save his own neck, accused knockout rapist Bill Cosby will never divorce his long-suffering wife Camille!

That’s the view of a series of experts who spoke to The ENQUIRER, and revealed how Camille’s potential testimony against the disgraced star in a criminal case could

help but break down. At one point, she completely unraveled,” and according to a source, she screamed at Bill, “You disgust me!”

Another insider confirmed: “For years, Camille seemed to be ‘brainwashed,’ turning a blind eye to what was going on.

“But Bill admitting under oath that he wanted to have sex with other women and obtained drugs for that sole purpose completely destroyed her.”

The couple is riding out the firestorm at their multi-million-dollar estate in Shelburne Falls, Mass., where The ENQUIRER traveled to earlier this month to get the untold story.

“Bill’s now sleeping in a guest house, while Camille’s in the main house,” said the source. “It will take a while for her to get over this – if ever.”

Before the scandal climaxed, the couple had long avoided the spotlight. They were last photographed together on Nov. 7 at an event in Washington, D.C.

“Unless Bill can convince Camille to make a public appearance together for the sake of unity in their marriage, they could remain in seclusion,” added the source.

Security guards have been present on their property

recently, but an ENQUIRER reporter observed workmen installing a high-tech new security system at the estate on July 10.

“There’s no question the outrage has affected them,” said the source. “It’s like Bill’s become Public Enemy No. 1.”

The couple married in 1964, and survived Bill’s extramarital affair in the 1970s, the public disclosure of his “love child,” Autumn Jackson, and the 1997 murder of their only son, Ennis.

The source added: “Camille’s a strong woman, but there’s only so much a person can bear.”

The insider said Cosby “has been crying – he’s a broken man.”

For now, Cosby seeks comfort at Ennis’ grave on their 1,500-acre estate.

“Bill goes there and prays,” said the insider.

“He’s begging Camille for forgiveness and understanding. This is the worst crisis of his life.”

send him up the river!

“With police charges hanging over him and an incriminating deposition now public, a divorce could turn his most outspoken supporter into the material witness from hell,” a law enforcement source told The ENQUIRER.

Renowned legal expert

Craig Silverman, a former chief deputy prosecutor in Denver – who is not involved in the case but is watching it closely – agreed it would be strategically beneficial for Cosby to stay hitched if he’s charged with a crime.

“Marital privilege may preclude his wife from testifying before a grand jury or

at a trial,” Silverman, now a criminal defense attorney, told The ENQUIRER.

“If they were to divorce, that would increase the likelihood Mrs. Cosby could be called as a witness.”

The marital privilege law varies from state to state, and is designed to encourage confidential communica-

tions between spouses. But in many states, including Colorado, that privilege doesn’t apply to felony sex assaults, he explained.

Added Silverman: “One would expect after 50 years of marriage, Mrs. Cosby, more than anybody in the world, knows the most about Bill Cosby.” **NE**

## **AMERICA'S FAVORITE TV DAD TO AMERICA'S WORST SERIAL RAPIST**

**E**VEN his former TV co-star Jimmie "JJ" Walker is now calling Bill Cosby "the O.J. Simpson of the comedy world - he's Dr. Jekyll, Mr. Hyde."

But for decades, Cosby got away with his sick and twisted double life thanks to a high-priced team of Hollywood enablers.

Here, The National ENQUIRER reveals the men responsible for helping to hide his criminal history.

# **Exposed! Cos cronies who en his twisted cr**

### **THE AGENT: Tom Illius**

According to the newly revealed court deposition, Cosby testified that he called his William Morris Agency rep, Illius, and asked him to send money to one accuser. He testified Illius didn't ask why, and he wasn't sure whether he asked him to send money to more women. He died at age 83 in 2011.

### **THE DOCTOR: Mark Saginor**

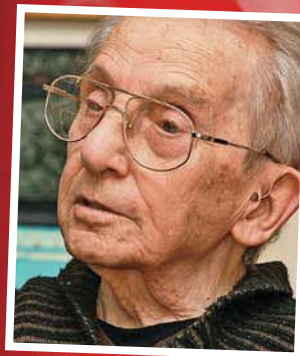

Saginor, 77, is one of Hollywood's best-known "Dr. Feelgoods." While he denied to The ENQUIRER that he ever provided drugs to Cosby, his daughter, Jennifer Saginor, has alleged her father was instrumental in providing drugs at the Playboy Mansion, where Cosby was a regular guest.

### **THE PAL: Hugh Hefner**

In 1974, an ex-Playboy employee claimed Cosby raped her and up to a dozen other Playboy bunnies. Hef, 89, told The ENQUIRER: "Bill has been a good friend for many years and the mere thought of these allegations is truly saddening. I would never tolerate this kind of behavior, regardless of who was involved."

### **THE FLUNKIE: Frank Scotti**

Former NBC exec Scotti, 91, said Cosby engaged him to deliver monthly payments to at least eight women in 1989 and 1990. Scotti claimed he has copies of money orders in his name. "These reports are beyond our knowledge or comprehension," said "Cosby Show" producers Marcy Carsey and Tom Werner.

# Cosby's abled times

## THE PUBLICIST: David Brokaw

Publicists earn their pay by speaking for their clients, and Cosby's longtime mouthpiece Brokaw, 65, regularly denied Cosby did anything wrong. Recently he has served him by issuing "no comment" statements to almost every new accusation. Brokaw is now Cosby's only rep outside of his legal team.

## WE TOLD YOU FIRST

THE National ENQUIRER more than any other publication has been unflinching in our aggressive coverage of allegations against Bill Cosby beginning in 2000 when everyone else turned a blind eye to the scandal.

What's more, The ENQUIRER is the only media outlet to interview the shamed star about the sexual assault allegations against him.

"I am not going to give in to people who try to exploit me because of my celebrity status," he said in a 2005 interview.

As Executive Editor of The ENQUIRER, I conducted that world exclusive tell-all with Cosby, in a Houston hotel suite.

At the time, The ENQUIRER had already published the accounts of FOUR women - Andrea Constand, Tamara Green, Lachele Covington and Shawn Upshaw - who had accused Cosby of sexual attacks.

Despite that, police in suburban Philadelphia had just decided not to prosecute the entertainer after Andrea came forward.

She filed a civil lawsuit against Cosby in 2005, and the shocking admissions he made in a deposition - which have finally been made public - are now validating dozens of claims that Cosby sexually attacked, and in many cases drugged, unsuspecting women.

We continue to remain aggressive in our reporting today which has taken the lead on blowing the lid off Cosby's depraved actions.

## DOUGLAS FREAKS OUT OVER CANCER DEATH OF HIS MOM

THE death of his mother has left actor Michael Douglas haunted by fears of his own cancer returning!

Michael's friends are worried, too, with the "Wall Street" star already overwhelmed by a marriage torn apart by wife Catherine Zeta-Jones' struggle with mental illness - plus a son behind bars!

Diana Douglas' death from cancer at the age of 92 has Michael "in a tailspin," a close friend told The National ENQUIRER.

"There's obviously a genetic chink in the family armor when it comes to cancer, and his mom's death only makes that clearer!"

The 70-year-old star is in remission after his battle with Stage 4 tongue cancer in 2010.

The ordeal of aggressive chemotherapy and radiation treatment aged him 20 years, and caused him to lose over 30 pounds.

Said the insider: "This has all been hell for Michael. Catherine's condition causes wild mood swings, and his oldest son, Cameron, has nearly two years left in his sentence for dealing drugs!"

Catherine, 45, left Michael to attend a hotel opening in England on July 6 - just three days after the death of his mother.

"This stress is just the kind of thing Michael doesn't need," the pal said. "He has to maintain his health and immune system - and not relapse into another cancer nightmare!" NE

# BACK TO THE FUTURE

... HOW RIGHT  
THEY WERE!

**T**HE sci-fi classic “Back to the Future” scored as the biggest comedy hit of 1985 and spawned the 1989 sequel, “Back to the Future Part II.” Set in 2015, “Part II” turned out to be amazingly accurate in predicting the future! Here’s a look at its on-target vision.

## SUPER SPECS

Folks in the flick sported computer glasses loaded with cameras, data and magnification units. Where do you think Google got its ideas?

# AND MANY OF THE PREDICTIONS HAVE COME TRUE

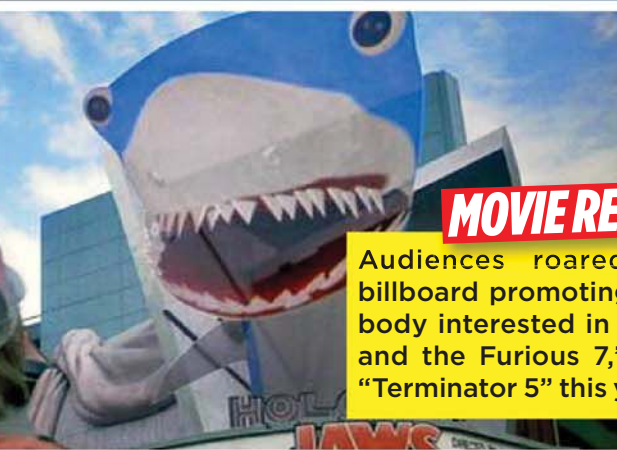

## PLASMA-PALOOZA!

Another scene features a wall of giant flat-screen TVs hanging in all the homes in Hilldale and used as massive advertising billboards. Can you say Times Square or Las Vegas?

## SKY SURFING

Marty makes a spectacular getaway on a rad hoverboard. Ridiculous? Not as silly as Justin Bieber and Leo DiCaprio shredding air on similar prototypes that may be flying off the racks soon!

## MOVIE RECYCLING

Audiences roared at the in-joke billboard promoting "Jaws 19." Is anybody interested in catching "The Fast and the Furious 7," "Star Wars 7" or "Terminator 5" this year?

## DROID RAGE

In one scene, Michael J. Fox's character, Marty McFly, watches a flying robot drone launched by the newspaper USA Today snap a pic that's immediately transmitted to a global audience. Bingo, McFly!

## INSTA-SCAN

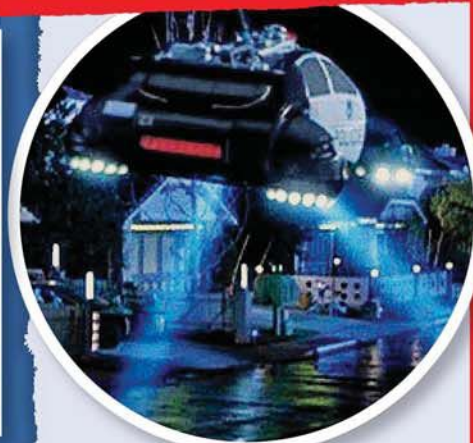

Checking IDs through eye-scanning and fingerprints? That's happening now!

## CALL SCREENING

Marty marvels at video calls made by his 2015 family. But Skype made those real about 10 years ago!

## LOOK MA, NO HANDS!

Marty gets laughed at for his hands-on mastery of classic arcade video games, while the movie kids crush their hands-free games – just like today!

## BUT THEY WERE HORRIBLY WRONG ABOUT THE INTERNET

NOT everything in "Back to the Future Part II" was on the money!

## COMPUTER ERROR

McFly's future has no Internet? How does director Robert Zemeckis think we looked all this stuff up?

## FLYING CARS

Sorry, guys. This idea is still parked in a scientific development lab somewhere.

## FASHION DISASTERS

Thankfully, double ties, golden raincoats and programmable down vests haven't quite hit the runways just yet.

## KILL THE LAWYERS

In Marty's future, attorneys have been abolished. Sadly, we're still stuck with 'em. **NE**

You can look

**I**T'S time to hit the beach! But if you're not ready to slip into your favorite swimsuit, no worries! You can lose up to two pounds a week by following these easy tips from The National ENQUIRER's on-call nutrition expert, Dr. Stuart Fischer, author of "The Park Avenue Diet."

## ■ KEEP A DIET AND EXERCISE DIARY

Writing down what you eat is a great way to avoid poor food choices. Logging workouts also helps you stay on track to meet important benchmarks. "Look to cut 500 calories a day from your diet," said Dr. Fischer. "That should equate to a safe and healthy loss of about two pounds a week."

## ■ EAT BREAKFAST

Start your day with a meal that's a mix of protein, fruit and fiber. If you're not hungry, just have water and a banana. But don't skip breakfast! "Skipping meals ups your insulin level, causing you to be hungrier when you eat again. It's a recipe for diet disaster!" said Dr. Fischer.

## ■ GET MORE SLEEP

Aim for eight hours a night. You'll feel better and have more energy. Remember: no sweets or soda near bedtime!

## ■ BURN CALORIES BEFORE DINNER

A brisk walk, a stint on the StairMaster or some light weight-lifting will boost your metabolism, burn calories and curb your appetite.

## ■ CLOSE THE KITCHEN

Shut down the stove and fridge at 8 p.m. Eating after that point will dump calories into your system just as you're about to go to sleep. "Limit dessert to a low-fat yogurt. It's the best calorie option," advised Dr. Fischer.

## ■ TAKE AN 'ALCO-HOLIDAY!'

Alcohol is a massive calorie carrier. It also has few nutritional benefits. If you must drink, add a lot of seltzer water and skip the mixers, like orange juice.

## ■ HAVE SOUP

ger-busting combo of liquids and solids. Pouring yourself a bowl before a meal can lower your overall calorie intake by up to 20 percent compared to a meal without soup.

## ■ ADOPT THE '75 - 25 RULE'

Fill your plate with 75 percent vegetables and only 25 percent meat and carbs, and it will turn your body fat count around accordingly!

## ■ DOWNSIZE!

People tend to eat everything on their plate, so put a little less on your plate, or get a smaller plate. "A recent study showed that a fast food chain served smaller portions of fries, and no one noticed!" revealed Dr. Fischer. **NE**

# BOBBI KRISTINA: COPS REVEAL *THE MOTIVE* FOR MURDER!

**Violent partner went berserk when he found out her plan to dump him: insider**

**NEWS**

**C**RIMINAL investigators have identified a possible motive for murder and a suspect in the tragedy of Bobbi Kristina Brown. The National ENQUIRER has learned exclusively.

According to a law enforcement source close to the case, cops are pursuing the theory that Bobbi Kristina's hot-tempered live-in love, Nick Gordon, blew up when she announced plans to dump him, and pursue a singing and acting career in California.

"That was Nick Gordon's motive for murder!" the source claimed to The ENQUIRER.

"If Bobbi Kristina left Nick,

it would have destroyed everything he had. Nick was living a lie, telling the world he was Bobbi Kristina's husband when in fact they were never married.

"On top of that, Nick was living off Bobbi Kristina's money. Without her, he'd have nothing. There's no question Nick didn't want Bobbi Kristina to leave him. He may have never intended to kill her, but no doubt they argued."

Authorities now have witnesses who can confirm Whitney Houston's 22-year-old daughter wanted to flee Gordon, the source said.

One witness is Bobbi Kristina's close friend, Sarah "Bess" Beckmann, an up-and-coming singer who splits her time between Atlanta and Los Angeles.

Bess is the last person known to have communicated with Bobbi Kristina before she was found unresponsive face down in a water-filled

bathtub in the Roswell, Ga., townhouse she shared with Gordon, 26, on Jan. 31.

"Sarah I miss and need you," Bobbi Kristina tweeted to Bess on Jan. 29.

That same day, Bobbi Kristina seemed excited about leaving Gordon, tweeting, "Let's start this career up & moving OUT to To You ALLLL quick shall we."

She also sent tweets to rapper Wiz Khalifa and singer/songwriter Ne-Yo.

On the day she was found, Bobbi Kristina was supposed to meet "someone" – possibly Bess – to discuss a "revelation" about Gordon, but she never showed up, according to a wrongful death lawsuit filed against him by Bobbi Kristina's family.

The court documents, ob-

tained by The ENQUIRER, claim: "[Bobbi Kristina] Brown had confided to someone that defendant [Gordon] was not the man she thought

he was and set up a time on January 31, 2015 to meet with this person to further discuss this revelation.

"Brown, however, never made it to the meeting."

Bess posted a Facebook mes-

sage June 26, calling Gordon a "monster," and urging pals to cooperate with prosecutors.

"Those of us who know Nick Gordon personally know what a monster he really is, and if you are contacted to testify against him, you need to make a stand," she wrote. "We're going to take you down."

Bess also posted four photos of herself with Bobbi Kristina, and wrote in a June 26 Twitter message: "There WILL be justice for my sister, if the judicial system doesn't take care of it, karma will." **NE**

# MISSING T TWISTED

## Bombshell secret evidence

**S**USPECTED psycho serial killer Robert Durst was taken down by a teenage girl who went missing nearly 18 years ago, according to new revelations uncovered exclusively by The National ENQUIRER!

Durst was busted in March for the brutal 2000 murder of his longtime friend, Susan Berman, and HBO's damning true-crime documentary series, "The Jinx," was widely credited for his downfall.

But shocking details from a new book, "Murder of a Mafia Daughter," obtained by The ENQUIRER, revealed that it

wasn't twisted, cross-dressing Durst's bumbling admissions of guilt on the TV program that led to his arrest!

Instead, his connection to the disappearance of 16-year-old Karen Mitchell of Eureka, Calif., ultimately sealed his fate, investigative journalist Cathy Scott discovered.

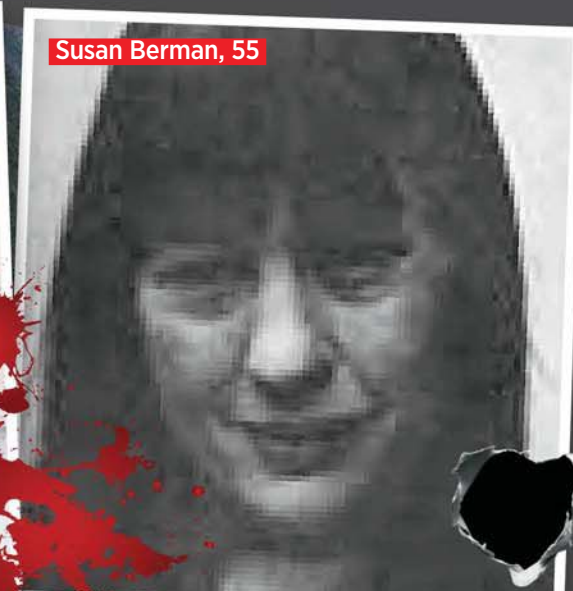

Sleuth Cathy's dogged reporting revealed that Durst – the 72-year-old son of a Big Apple real estate mogul – was a prime suspect in the FBI's investigation of Karen's disappearance in Nov. 1997.

The feds used financial records to put Durst in Los Angeles on the night of Susan's murder in Beverly Hills, crushing his alibi that he'd been in San Francisco at the time.

# EEN LED COPS TO **KILLER DURST!**

nce blows apart cross-dressing nut's alibi

Kathie, 19, and  
Robert on their  
wedding day

Morris Black, 71

Kristen Modafferi, 18

When the FBI passed that information to the LAPD in 2012, the investigation into Susan's death was reopened.

The bombshell book revealed: "Armed with that information, LAPD, along with federal agents and other jurisdictions where Durst had lived or visited, formed a task force to investigate Durst in not only Susan's murder, but Mitchell's disappearance from Eureka, California, as well as another teen who turned up missing from San Francisco five months later - Kristen Modafferi."

While Durst was arrested by the FBI the night before the sensational series finale of "The Jinx" aired, "They already had all the evidence they needed," explained Cathy.

"Durst was on the move from Houston to New Orleans the day before the episode aired - and they knew he was a flight risk, so they busted him."

When arrested in his hotel, twisted Durst was found with a loaded revolver, five ounces of marijuana, a passport, fake ID, a map of Cuba and more than \$42,000.

Susan had admitted to friends that she knew Durst had killed his first wife, Kathie, 29, who went missing in 1982, the tell-all book also revealed.

At Susan's memorial service, one of her friends told another: "[Susan] would say, 'Bobby did it, but that doesn't mean we don't love him. Kathie's gone. There's nothing we can do.'"

Durst admitted he was the last to see Kathie alive, but when Westchester, N.Y., police tried to reopen the case after Susan's death in 2000, he disappeared.

He settled in Galveston, Texas, where he bizarrely disguised himself as a woman to avoid detection. He confessed to killing and dismembering his elderly

neighbor, Morris Black, while hiding out there in 2001.

Morris' missing head was never recovered, but the slippery Durst beat a murder rap by declaring self-defense.

The book also unveiled the extent of Durst's trust in Susan, who'd been his best friend since they met while attending UCLA in 1969. He walked her down the aisle at her 1984 wedding, and as the author also learned, gave her \$50,000 in the months before her murder.

But Durst's confidence in Susan waned when she called to alert him that cops had contacted her for another interview about his missing wife. Days later, on Dec. 23, 2000, Susan was dead.

As the book reported, when cops finally placed Durst in L.A. on that night, he became their prime suspect. **NE**

# O'TOOLE BEDDED 1,033 BEAUTIES!

***But not Katharine Hepburn, who thought he was a jerk!***

**L**USTY “Lawrence of Arabia” star Peter O’Toole enjoyed over 1,033 Hollywood nights of love!

The Irishman heartthrob’s conquests read like a Who’s Who of the world’s most famous women, including Ava Gardner, Audrey Hepburn and Elizabeth Taylor, according to a new biography!

Peter – who passed away in 2013 at 81 – was still a rising star when Liz summoned him to discuss a role in “Cleopatra” in 1960.

“For the first time in my life with a woman, I was nervous, fearing she might critique my performance,” he recalled.

Peter didn’t land the role, but began a long romance with Liz that eventually had him brawling with drinking buddy Richard Burton over who Liz preferred between the sheets.

Sultry screen siren Ava, however, wasn’t choosy: She invited both actors into her boudoir while filming 1964’s “Night of the Iguana” with Liz’s then-husband.

“It took the both of us to satisfy her that night,” said Peter, adding: “She told me I was 10 times the lover that [Clark] Gable was, but not quite the equal of Robert Mitchum.”

Audrey pursued Peter on

the set of 1966’s “How to Steal a Million,” according to Darwin Porter and Danforth Prince’s book, “Peter O’Toole: Hellraiser, Sexual Outlaw, Irish Rebel.”

Their affair ended when Audrey discovered she was pregnant. But she had no idea whether the father was her husband, actor Mel Ferrer, or Peter. Sadly, she suffered a miscarriage.

But Peter’s charms failed to win over his co-star in 1968’s “The Lion in Winter.”

“Katharine Hepburn called me a pig and a drunkard,” recalled the eight-time Oscar nominee. “But I can’t think of any other ladies I missed!”

## KINDHEARTED CHRISTIE KILLS FAMILY FEUD!

**E**X-WIFE Christie Brinkley kept Billy Joel’s fourth wedding in harmony!

The supermodel stepped up to resolve a family feud that almost ruined Billy’s July 4th wedding to pregnant girlfriend Alexis Roderick.

“Christie decided Alexis and their daughter, Alexa Ray, had to bury the hatchet,” a friend told The National ENQUIRER.

“And it worked – just in time for the wedding!”

The “Piano Man” singer, 66, and 34-year-old Alexis hosted a surprise ceremony at their annual Independence Day party.

As The ENQUIRER reported in May, both Christie, 61, and 29-year-old Alexa Ray were initially upset over Billy having another child!

“Billy hasn’t even married his girlfriend yet – and she’s already pregnant, and there’s no doubt she’ll want the child to share in a large chunk of Billy’s estate!” a source said at the time.

Christie had expected their daughter would inherit Billy’s entire estate. “Now she’s no longer the only kid in the picture,” dished a family friend.

But thanks to Christie, all is well!

“Alexa Ray was even moved to post a photo of the newlyweds on Instagram,” the insider said, “along with a poem about her joy over their nuptials!” **NE**

# Secrets & lies of the **SUBWAY** GUY

NEWS

**E**MBATTLED Subway poster boy Jared Fogle has socked away a hefty \$15 million fortune from ad campaigns touting him as a role model for American families.

One commercial – now yanked off the air – even showcased his happy home life. But with Jared now targeted as a suspect in a child porn probe, The National ENQUIRER can reveal that he is hiding a sordid past.

According to exclusively obtained documents from their 2008 divorce, his first wife, Elizabeth, walked away at the height of Jared's success, and took more than half his net worth!

Elizabeth was miserable in the marriage, and Jared, 37, was often seen belittling and abusing her in public, sources close to the couple exclusively told The ENQUIRER.

"He became controlling and had a mean streak in him," said an insider.

The couple met while students at Indiana University, where Elizabeth witnessed Jared's sleazy opera-

tion of an adult film emporium. He owned a "vast and extensive" porn collection, and rented the videos for a dollar a day. "Guys would come from all over to take advantage of the deal," a source said.

Elizabeth's divorce agreement does not bind her to silence, and New York matrimonial lawyer, Raoul Felder, said that may come back to haunt Jared. Raoul believes his ex-wife could be a damaging witness in the sentencing phase of a child pornography prosecution.

He said: "If they charge Fogle and he were to be convicted, she could reveal devastating details about his past."

Those details could lock him away for a long time.

## TRAGIC AMANDA'S NIGHTMARE DESCENT INTO HELL

**S**UCCESS couldn't buy happiness for former teen star Amanda Peterson.

After rocketing to fame in 1987's "Can't Buy Me Love" with Patrick Dempsey, Amanda turned her back on Hollywood, and battled problems with booze and drugs.

On July 5, police found her body in her Greeley, Colo., apartment. She was just 43. Her family told authorities she'd been suffering from "medical issues."

But The National ENQUIRER re-

ported in 2013 that Amanda had been in and out of trouble with the law for years.

In Feb. 2005, she was charged with possession with the intent to sell, distribute or manufacture a controlled substance.

In April 2012, she was busted for driving under the influence and possession of drug paraphernalia.

"That arrest really woke her up," said a source. "The sad irony is that Amanda had finally started to turn things around when she died."

"It's tricky, though," said the exec.

## DOCTOR'S MEMORY BREAKTHROUGH

# New Discovery for People with Failing Memory

World's Leading Brain Expert and Winner of the Prestigious Kennedy Award, Unveils Exciting News For the Scattered, Unfocused and Forgetful

By Steven Wuzubia  
Health Correspondent;

**Clearwater, Florida:** Dr. Meir Shinitzky, Ph.D., is a former visiting professor at Duke University, recipient of the prestigious J.F. Kennedy Prize and author of more than 200 international scientific papers on human body cells. But now he's come up with what the medical world considers his greatest accomplishment — A vital compound. so powerful, it's reported to repair... even regrow damaged brain cells. In layman's terms — Bring back your memory power. And leave you feeling more focused and clear-headed than you have in years!

Dr. Shinitzky explains this phenomenon in simple terms; "Science has shown when your brain nutrient levels drop, you can start to experience memory problems and overall mental fatigue. Your ability to concentrate and stay focused becomes compromised. And gradually, a "mental fog" sets in. It can damage every aspect of your life". Not only do brain cells die but they become dysfunctional as if they begin to fade away as we age. This affects our ability to have mental clarity and focus and impacts our ability to remember things that were easy for us to do in our 20's and 30's.

Scientists think the biggest cause of brain deterioration in older people is the decreased functioning of membranes and molecules that surround the brain cells. These really are the transmitters that connect the tissues or the brain cells to one another that help us with our sharp memory, clear thinking and mental focus, even our powers to reason well. "When we are in our 20's" according to Dr. Shinitzky "our body produces key substances like phosphatidylserine and phosphatidic acid"...unfortunately they are believed to be critical essential nutrients that just fade away with age, much like our memories often do leading to further mental deterioration.

As we get older it becomes more frustrating as there is little comfort when you forget names... misplace your keys... or just feel "a little confused". And even though your foggy memory gets laughed off as just another "senior moment," it's not very funny when it keeps happening to you.

## The Missing Link is Found and Tested

It's hard to pronounce that's for sure, but it certainly appears from the astounding clinical research that this

one vital nutrient phosphatidylserine (PS) can really make a huge difference in our mental wellness. 17 different double blind studies with placebo controlled groups have been involved in the clinical research of PS with patients between the ages of 55-80 years of age. Periodically the researchers gave these patients memory and cognitive tests and the results were simply amazing:

- 1) *PS patients outperformed placebo patients in All 5 Tests - 100% Success Rate*
- 2) *After only 45 days there was a measurable improvement in mental function*
- 3) *After 90 days, there was an impressive and amazing improvement in mental function*

The group taking phosphatidylserine, not only enjoyed sharper memory, but listen to this... they were also more upbeat and remarkably more happy. In contrast, the moods of the individuals who took the placebo (starch pill), remained unaffected....no mental or mood improvement at all.

### My Memory Started to Scare Me.

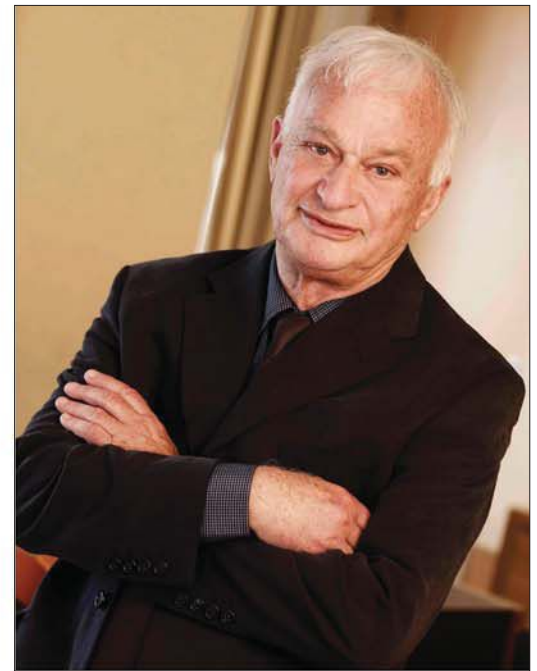

I would forget all kinds of things and something that I just said earlier in the day would have completely slipped my mind. I almost forgot my granddaughter's birthday and that would have been horrible. I had forgotten lots of other little things along the way. I was worried about it.

Over the last several months I've noticed my memory seemed to be getting pretty unreliable and so I thought I'd better do something about it now. So when I read about this amazing PS nutrient and how much it would help me with my memory I wanted to try it.

It's great! I have actual recall now, which is super. After about 6 weeks of taking it on a daily basis is when I began to notice that I wasn't forgetting things anymore.

Thanks to PS for giving me my memory back. It's given me a lot more self-confidence and self-esteem. I would not trust my memory without it.

- Ethel Macagnoney

## CRYPTOGRAM QUOTES

### FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

### HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

# Teeny Tiny FURRY FEAST!

## Hamster invites his buddies over for a delicious BBQ

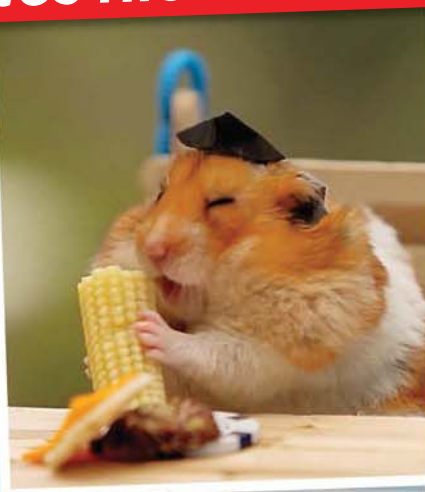

IT WAS a fabulous Fourth for these furry friends!

The big Internet star known as Tiny Hamster celebrated the Fourth of July at a very small party, and the bash was caught on the video "Tiny Hamster's Tiny BBQ."

It's just the latest in a line of Tiny Hamster films, with the rockin' rodent first finding fame after last year's "Tiny Hamster Eating Tiny Burritos."

Tiny Hamster has even released a children's book, "Tiny Hamster Is a Giant Monster." It features scenes from a video showing the star stomping through a miniature city, chomping on "trees" and eating a train made of pasta!

Animal lovers don't have to worry about Tiny Hamster's on-screen diet, though. Every video, including "Tiny Hamster's Tiki Party," promises that all "food is strictly

Tiny Hamster and his pals, a sunbathing guinea pig and a festive bunny

reviewed to ensure it's hamster-healthy!"

The menu for the latest video was also approved for a hungry hedgehog, a gobbling guinea pig and Fuzzy Bunny, who starred with Tiny Hamster in "Fuzzy Bunny Is a Fighter Pilot."

Tiny Hamster earns his meals, too. The social media group Denizen, which promotes the critter, joined with the Havas Worldwide ad agency for the Independence Day party. Reynolds Wrap also pitched in to cover costs.

But Tiny Hamster doesn't bother his furry little head with worrying about commercial sponsors.

He seems perfectly happy to be paid in miniature kabobs – and he can always take pride that he's nibbled his way to the top of The Odd List! **NE**
